Tilottama-4, Rupandehi, Nepal | +977 9841942577

[shubham13.gyawali@gmail.com](mailto:shubham13.gyawali@gmail.com) | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

## SUMMARY

Full-Stack Web Developer with a strong backend focus, specializing in the MERN stack. Experienced in building secure, scalable APIs and real-world web applications, with leadership exposure through technical community programs and hackathon organization.

## SKILLS

**Languages:** JavaScript (ES6+), SQL, HTML, CSS

**Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication

**Frontend & Frameworks:** React.js, Next.js, Redux, Tailwind CSS

**Databases:** MongoDB, Supabase, PostgreSQL (Neon)

**Tools:** Git, GitHub, Postman

## EDUCATION

### Butwal Multiple Campus

Butwal, Nepal

*Bachelor of Science in Computer Science and IT (Bsc. CSIT)*

2023 – Present

- Relevant Coursework: DSA, Database Management Systems, NET Centric, C#, Computer Graphics, Web Technology

### Kalika Manavgyan Secondary School

Butwal, Nepal

*+2 Technical – Computer Engineering*

Completed 2079 B.S. (2022 AD)

- **Relevant Coursework:** C, Object-Oriented Programming (C++), Database Management Systems (DBMS), Microprocessors (8085), Web Technology, and Computer Networking.

## PROJECTS

### Job Seeking Portal | MERN Stack, JWT, REST APIs

[GitHub Repo](#)

- Built a secure and scalable backend using **Node.js** and **Express.js**, implementing **JWT authentication** and Bcrypt-based password hashing.
- Designed optimized **MongoDB schemas** for job listings, users, and application workflows.
- Developed RESTful APIs for job posting, search, filtering, and application tracking.
- Integrated frontend using **React.js** and **Tailwind CSS**, enabling responsive UI and efficient state handling.
- Tested and documented APIs using **Postman** to ensure reliability and clean data flow.

### EventHub | MERN Stack, JWT

[GitHub Repo](#)

- Developed a full-stack IT event management platform with role-based dashboards for students, organizers, and admins, implementing secure authentication and authorization using **JWT**.
- Built event creation, registration, participant management, **eSewa** and **Khalti** payment gateways for paid event registration.

### SuperChat Nepal | React, Supabase, NodeJS, Express, Socket.IO, eSewa API

[GitHub Repo](#)

- Developed a working prototype of a real-time chat and communication platform using the **MERN Stack** with secure authentication and responsive user interface.
- Implemented real-time messaging functionality using **Socket.IO** for instant communication between users.
- Integrated **eSewa payment gateway** for donation/superchat.
- Designed backend APIs and database structure for user management, superchat/donation management.

## LEADERSHIP & ACTIVITIES

### Code For Change - Rupandehi

Rupandehi, Nepal

*College Representative*

Tenure 24/25

- Represented students and coordinated communication between organizers, participants, and college communities.

### Code For Change - Rupandehi

Rupandehi, Nepal

*Tech Lead*

Tenure 25/26

- Led technical coordination and social media management to post organization program announcements.
- Assisted in organizing programs, workshops, and community-driven activities.
